Home team is the first team listed

All games are played if raining & ONLY the referees can call a game if thunder/lightening occur - all games on the fields must stop & everyone take cover. If the humidex level reaches 40 degrees a designated member of the Board will contact Coaches/Director of Referees by 4pm that day to advise all games are cancelled. They in turn will contact players/parents (only a member of the Board can cancel games due to heat). Extra water breaks are allowed on very hot days & both coaches should agree on this before start of game.

HAVE A GREAT SEASON!!!!!!

(Reminder: NO jewellery will be allowed during games – including earrings, necklaces, metal hair accessories, bracelets (plastic/metal/thread) & Fit Bits. The only exception is medic alert bracelets or necklaces & they must be secured to not pose a danger to other players. NO TAPING ALLOWED!
