Roles and Responsibilities

It is imperative that each team assigns one primary charge person and one primary call person as well as a primary backup and secondary backup for each position prior to the start of the season. These are their responsibilities:

Charge Person:

- Clear the risk of further harm to the injured person by securing the area and shelter the injured person from the elements.
- Designate who is in charge of the other participants.
- Protect yourself (wears gloves if he/she is in contact with body fluids such as blood).
- Assess ABCs (checks that airway is clear, breathing is present, a pulse is present, and there is no major bleeding).
- Wait by the injured person until EMS arrives and the injured person is transported.
- Fill in an accident report form.

Call Person:

- Call for emergency help.
- Provide all necessary information to dispatch (e.g. facility location, nature of injury, what, if any, first aid has been done).
- Clear any traffic from the entrance/access road before ambulance arrives.
- Wait by the driveway entrance to the facility to direct the ambulance when it arrives.
- Call the emergency contact person listed on the injured person's medical profile.
