IT'S THE COW'S UDDERS

I'm not calling myself a cow, but there's something about the Cow Shed that I love. I'm June. Better known as Junie Poonie, or these days, **JP | The Event Expert**.

Weddings are my thing.

The people. The stories. The details. The bits you see and the bits you don't. I listen. I notice. I ask lots of questions. Then together, we create something that feels like you. Your story, entwined with JP creativity.

To me the Old Cow Shed is a little bit special - just like its couples! You're a breed of your own. You embrace the different. You want beautiful, but you want personality too. And I absolutely love that.

So, just for you... **THE HOLY COW.**

More of your story. More of you. The same head, heart and soul behind every part of it, so everything we create feels connected, considered and completely yours.

There's a lot that needs to happen behind the scenes to make the day feel effortless. That's where I come in. I'll hold your hand before you walk down the aisle. Take that deep breath with you when you need it. Settle the nerves, straighten the dress, make sure the suit is dapper and remind you to actually take it all in.

And once you're in there?

I'm quietly one step ahead. The flow. The timings Your guests. Your suppliers. What needs to move, what needs to happen and what comes next. All without you needing to think about any of it.

A LITTLE MOO-ORE is completely bespoke, so once we know what you want to create, we can talk through the details and costings together.

We don't just create experiences. We understand people.

June. x
