

Some members of our church family, members of the community, businesses, and/or other non-profits may feel called and able to give in extraordinary ways—through a significant one-time gift, a multi-year commitment, or even by remembering the church in their estate planning.

These kinds of gifts can have a lasting impact far beyond our own lifetime, helping ensure that future generations will have a place to worship, grow, and encounter Christ.

If God is leading you to explore this kind of giving, we would be honored to talk with you privately and confidentially.
