While in Madison, MS for the Mississippi Baptist Convention this week, I got sick. It was sort of surprising. I was well – then I was NOT well. We had the morning session of the meeting on Tuesday morning. The program and worship were fantastic. I got to see so many dear friends. Then we dismissed from lunch. As soon as I could finally get away, I went to eat in Pearl at Frisco Deli's. Great meal. That is where I had the first feeling that something was just not right.

I drove back to the hotel, and realized I undoubtedly had fever. That led me to look up urgent care. They were just nice beyond belief! The receptionist, Lowanda, was so thoughtful and told me she would be praying for me. I went back to the check-in nurse and got to talking about the Lord and the church. She goes to Pinelake in Flowood. I told her I knew her Pastor and his dad well.

She then drilled my head for oil! (COVID test) I figured it would be positive – but it was not. Then Patty and Kay came in. They are both nurse practitioners. They also went to Pinelake and we had a great church talk. They both said I could have COVID and I just tested early, or it could just be the crud – sinus infection!

So, I share all that to say that in the midst of being sick, having to come home, and then to miss a couple days of work, I still feel incredibly blessed. Everyone I encountered was so encouraging. It is amazing what takes place when people are in the family of God. I saw and experienced people who let their faith be a positive in their work. What a blessing it has been to be sick this week!

Be thinking about the things for which you are thankful. I will be preaching this month on four things for which I am thankful. Praise and thanksgiving should be on the lips of God's people!

God bless!
