4 Rowan's Law Concussion Awareness Policy

Ontario is a national leader in concussion management and prevention. *Rowan's Law (Concussion Safety), 2018* makes it **mandatory for sports organizations** to:

1. Ensure that athletes under 26 years of age, parents of athletes under 18, coaches, team trainers and officials confirm every year that they have reviewed Ontario's Concussion Awareness Resources;
2. Establish a Concussion Code of Conduct that sets out rules of behaviour to support concussion prevention; and
3. Establish a Removal-from-Sport and Return-to-Sport protocol

4.1 Concussion Code of Conduct for Athletes and Parents/Guardians

(for athletes under 18 years of age)

I will help prevent concussions by:

- Wearing the proper equipment for my sport and wearing it correctly.
- Developing my skills and strength so that I can participate to the best of my ability.
- Respecting the rules of my sport or activity.
- My commitment to fair play and respect for all (respecting other athletes, coaches, team trainers and officials).

I will care for my health and safety by taking concussions seriously, and I understand that:

- A concussion is a brain injury that can have both short- and long-term effects.
- A blow to my head, face or neck, or a blow to the body that causes the brain to move around inside the skull may cause a concussion.
- I don't need to lose consciousness to have had a concussion.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when and individual suspects that another individual may have sustained a concussion. (Meaning: If I think I might have a concussion I should stop participating in further training, practice or competition **immediately**, or tell an adult if I think another athlete has a concussion).
- Continuing to participate in further training, practice or competition with a possible concussion increases my risk of more severe, longer lasting symptoms, and increases my risk of other injuries.

I will not hide concussion symptoms. I will speak up for myself and others.

- I will not hide my symptoms. I will tell a coach, official, team trainer, parent or another adult I trust if I experience **any** symptoms of concussion.
- If someone else tells me about concussion symptoms, or I see signs they might have a concussion, I will tell a coach, official, team trainer, parent or another adult I trust so they can help.
- I understand that if I have a suspected concussion, I will be removed from sport and that I will not be able to return to training, practice or competition until I undergo a medical assessment by a medical doctor or nurse practitioner and have been medically cleared to return to training, practice or competition.
- I have a commitment to sharing any pertinent information regarding incidents of removal from sport with the athlete's school and any other sport organization with which the athlete has

registered (Meaning: If I am diagnosed with a concussion, I understand that letting all of my other coaches and teachers know about my injury will help them support me while I recover.)

I will take the time I need to recover, because it is important for my health.

- I understand my commitment to supporting the return-to-sport process (I will have to follow my sport organization's Return-to-Sport Protocol).
- I understand I will have to be medically cleared by a medical doctor or nurse practitioner before returning to training, practice or competition.
- I will respect my coaches, team trainers, parents, health-care professionals, and medical doctors and nurse practitioners, regarding my health and safety

4.2 Concussion Code of Conduct for Coaches and Team Trainers

I can help prevent concussions through my:

- Efforts to ensure that my athletes wear the proper equipment and wear it correctly.
- Efforts to help my athletes develop their skills and strength so they can participate to the best of their abilities.
- Respect for the rules of my sport or activity and efforts to ensure that my athletes do, too.
- Commitment to fair play and respect for all (respecting other coaches, team trainers, officials and all participants and ensuring my athletes respect others and play fair).

I will care for the health and safety of all participants by taking concussions seriously. I understand that:

- A concussion is a brain injury that can have both short- and long-term effects.
- A blow to the head, face, or neck, or a blow to the body may cause the brain to move around inside the skull and result in a concussion.
- A person doesn't need to lose consciousness to have had a concussion.
- An athlete with a suspected concussion should stop participating in training, practice or competition **immediately**.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when an individual suspects that another individual may have sustained a concussion.
- Continuing to participate in further training, practice or competition with a suspected concussion increases a person's risk of more severe, longer lasting symptoms, and increases their risk of other injuries or even death.

I will create an environment where participants feel safe and comfortable speaking up. I will:

- Encourage athletes not to hide their symptoms, but to tell me, an official, parent or another adult they trust if they experience **any** symptoms of concussion after an impact.
- Lead by example. I will tell a fellow coach, official, team trainer and seek medical attention by a physician or nurse practitioner if I am experiencing any concussion symptoms.
- Understand and respect that any athlete with a suspected concussion must be removed from sport and not permitted to return until they undergo a medical assessment by a physician or nurse practitioner and have been medically cleared to return to training, practice or competition.
- *For coaches only:* Commit to providing opportunities before and after each training, practice and competition to enable athletes to discuss potential issues related to concussions.

I will support all participants to take the time they need to recover.

- I understand my commitment to supporting the return-to-sport process.
- I understand the athletes will have to be cleared by a physician or nurse practitioner before returning to sport.
- I will respect my fellow coaches, team trainers, parents, physicians and nurse practitioners and any decisions made with regards to the health and safety of my athletes.

4.3 RHSC Concussion Protocol

A concussion is a type of traumatic brain injury that can have serious effects on a young, developing brain. While most children and teens with a concussion recover quickly and fully, some may have concussion symptoms that may last for days, weeks, months, or in the worst of cases, even years. It is important to remember that no two concussions are the same and all should be treated on a case by case basis.

Coaches and other team officials play an important role in protecting players through being knowledgeable in how to identify signs and symptoms of a concussion and knowing what to do if they suspect a player may have experienced one. A concussion may be caused by a bump, a blow, or a jolt to the head. If a player exhibits any of the symptoms listed below after an injury, collision, fall, or any other incident, the player should not be allowed to return to the field; the coach or someone on the coaching staff will give the player the Return to Soccer form:

- Nausea or vomiting
- Pupils that are enlarged or not equal in size
- Unusual or bizarre behavior
- Poor recollection of the incident which caused the trauma
- Inability to recognize people or places
- Seizures
- Severe dizziness
- Progressively worsening headache
- Double or blurry vision
- Numbness or weakness in arms or legs
- Excessive drowsiness or fainting
- Slurred speech

The health care professional should administer a FIFA SCAT (Sport Concussion Assessment Tool). Before returning to play, the athlete must provide written documentation from their health care provider that they have been cleared to play. The athlete will follow a Return to Play process, which will involve the following steps and Return to Soccer Form:

Step 1: No activity. **Begin filling out the Return to Soccer Form below**, each step must be accompanied by filling out the corresponding area of the form. Complete physical and cognitive rest. Once the athlete has had no symptoms for a minimum of 24 hours, then proceed to the next step.

Step 2: Light aerobic exercise, such as walking, light jogging, or riding a stationary bike. No resistance training, no jumping or hard running. The athlete should exercise for approximately 10 minutes at this stage. If the athlete experiences no return of symptoms over the next 24 hours, they proceed to step 3. If there is a return of symptoms, the athlete moves back to step 1.

Step 3: Moderate activity/sport specific activity, such as running in soccer, skating in hockey.

Progressive addition of resistance training at this step and the next. Performing step 3 without symptoms for 24 hours allows the athlete to proceed to the next step.

Step 4: Heavy, non-contact training drills. This step includes more intense activity, close to the athlete's typical routine, but without contact. This stage may also add some cognitive component to practice. Performing step 4 without symptoms and with approval of a medical practitioner as set out in the Return to Soccer form, allows the athlete to proceed to step 5.

Step 5: Regular, full contact training. Performing step 5 without symptoms allows the athlete to proceed to step 6.

Step 6: Return to competition.

Note that this process should be overseen by the athlete's health care provider and that any return of symptoms should be reported to that provider, who will direct how to proceed with the return to play process. Generally, if an athlete does experience a return of symptoms, they should stop the activities in which they have been participating, and start again at the previous step only after they have been asymptomatic again for 24 hours. Coaches need to understand that it is important that each athlete be treated in a manner appropriate for their particular case; it may take several days to work through the process or it may take weeks or months.

5 Social Media Policy

This policy governs the publication of and commentary on social media by volunteers, employees and participants of RHSC ("Users"). For the purposes of this policy, social media means any facility for online publication and commentary, including but not limited to:

- Social Networking Sites (Facebook, Myspace, Foursquare, LinkedIn, Instagram or other similar platforms)
- Micro-blogging sites (Twitter)
- Blogs (including corporate and personal blogs and comments)
- Video and Photo Sharing Websites (Flickr, YouTube)
- Forums and Discussion Boards (Google Groups, Yahoo! Groups)
- Online Encyclopedias (Wikipedia, Sidewiki)

This policy is in addition to and complements any existing or future policies regarding the use of technology, computers, e-mail and the internet.

Club volunteers, employees and participants are free to publish or comment via social media in accordance with this policy. Club employees are subject to this policy to the extent they identify themselves as an employee of the Club (other than as an incidental mention of place of employment in a personal blog on topics unrelated to the Club. Appropriate and continued use of social media will allow users to find information and communicate with a variety of players, parents, educators, and participants within the RHSC.

Publication and commentary on social media carry similar obligations to any other kind of publication or commentary. All uses of social media must follow the same ethical standards that the Club must otherwise follow.

Violations of this policy may result in disciplinary action, including loss of social media networking privileges, suspension from the Club, and/or legal action. Any illegal activities must be reported to the appropriate police services. Violations of this policy should be immediately reported to RHSC staff.

5.1 Guiding Principles

1. Users agree to abide by generally accepted rules of etiquette and conduct themselves in a responsible, ethical, and polite manner while using any networking resource. The generally accepted rules of network etiquette include (but are not limited to) the following:
 - a) Be courteous and respectful in your messages to others.
 - b) Use appropriate language. Do not swear, use vulgarities or other inappropriate language.
 - c) Illegal activities are strictly forbidden.
 - d) Do not reveal your home address or phone numbers, or those of any other users.
 - e) Do not post unrelated personal messages.
 - f) Do not post messages that speak about the Richmond Hill Soccer Club, or its participants, in a negative manner.
2. The social media resources are not for commercial purposes or product advertising outside of Club initiatives.
3. Users agree not to transmit, receive, submit, or publish any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, offensive, or illegal material.

4. Users agrees not to tamper with or attempt to illegally access or “hack” any RHSC network resources. Intentional damaging of our media network is unacceptable. The intentional creation or spreading of a computer virus is unacceptable.
5. Users agree to abide by all patent, trademark, trade name, and copyright laws. All sources in any form must be cited.
6. Users may not share information that is confidential and proprietary about the Club. This includes information about trademarks, finances, player information, Club strategy, internal documents, and any other information that has not been publicly released by the Club.
7. Security on any computer system is a high priority. If a User feels he/she can identify a security problem within our social networking, he/she agrees to notify a staff member immediately. Users agree not to demonstrate the problem to others. Users understand and agree that using someone else’s password or trespassing in another’s files without written permission is prohibited, and that attempts to logon to the network as anyone other than himself/herself is forbidden.
8. All communication and information accessible via the resources shall not be regarded as private. Everybody agrees and consents to allow the RHSC personnel to review any and all files, data and messages to ensure that everybody is using the system responsibly at all times with or without notice.

RHSC encourages the participants and friends or family to share digital content, including photos, videos, and stories of their RHSC experiences and the RHSC expects that anyone sharing user-generated content has the right to do so and has permission of the photographed individuals. Users must not post photos they do not have permission to post, including those of children without the permission of a parent or guardian.

RHSC welcomes constructive feedback, but reserves the right to remove any comments that are inappropriate due to foul language, offensive to an individual or group, contain unsupported accusations, or spam that explicitly promotes a product or service. If contact information is available, the RHSC will notify comment authors personally to let them know their comments have been removed. Our team reserves the right to ban repeat offenders.

Teams may choose to create websites for many reasons such as providing a calendar, communicating important news, sharing pictures, etc. Each team is solely responsible for managing their content. The RHSC must be notified should a team create a website and since teams represent the Club and its participants, the Club reserves the right to monitor them.

Posts can and should contain information that is of interest to the participants including, but not limited to:

- Event and meeting announcement and reminders.
- Updates on issues such as ordinances or club council action.
- Updates on Park openings or availabilities as well as closings.
- Explanations on ordinances.
- Solicit specific input from participants by e-mail or polls.
- Pictures of amenities such as parks, scenery, neighborhoods, or community events related to the RHSC.
- Changes or updates to the official website such as the addition of agendas, blog posts, photos, and new You Tube videos.
- Program information and updates to programs
- Parent education initiatives
- Employment opportunities

In addition to the general guidelines discussed above, when creating or posting to a social media site on behalf of the RHSC, Users must:

Seek Approval

RHSC must approve any messages that might act as the “voice” or position of the Club. RHSC staff will review all internal postings by RHSC before allowing them to be made visible to the public online.

Be Accurate

Make sure that all the facts have been researched and considered before posting. It is better to verify information with a source first than to have to post a correction or retraction later.

Be Transparent

If participating in or maintaining a social media site on behalf of the RHSC, such persons must clearly state their role and goals to RHSC. Keep in mind that if you are posting with a Club username, other users do not know with or to whom they are speaking. They view what the individual posts as coming from RHSC. Be careful and be respectful. What one says directly reflects on the Club. Discuss with the volunteers the circumstances in which you as the individual are empowered to respond directly to users and when one may need to seek approval.

Be Responsible

What you write is ultimately your responsibility. Participation in social computing on behalf of the RHSC is not a right but an opportunity, and should be treated seriously and with respect. If individuals want to participate on behalf of the Club, they must abide by its standard practice guidelines.

Respect Others

Users are free to discuss topics and disagree with one another, but must be respectful of others’ opinions.

Be a Valued Member

If joining a social network like a Facebook group or commenting on a related element of social media, ensure that the insights being contributed are relevant and valuable. Post information about topics like RHSC events or a multimedia message when it will be of interest to readers.

Be Thoughtful

If questions arise about whether it is appropriate to write about certain kinds of material in your, ask the appropriate delegates before posting.

Be Timely

Assign administrators who can regularly monitor postings and content. Aim for standard times for postings and updates. The recommended minimum frequency is once to twice a week. But be sure not to overload your updates. Followers will stop paying attention if you overload them with information.

Provide Context to Your Argument

Please be sure to provide enough support in your posting to help RHSC understand your reasoning, be it positive or negative. RHSC appreciates the value of multiple perspectives, so help us to understand yours by providing context to your opinion. Whether you are posting in praise or criticism of the Club, the individual is encouraged to develop a thoughtful argument that extends well beyond “(insert) is cool” or “(insert) sucks”.

Engage in Private Feedback

Not everyone who is reading your social media will feel comfortable approaching RHSC if they are concerned their feedback will become public. In order to maintain an open dialogue that everyone can comfortably engage in, RHSC delegates are asked to welcome “off-blog” feedback from their community who would like to privately respond, make suggestions, or report errors without having their comments appear on your social media channels. We as a Club want to know what you think. If the individual has a posting, reach out for the delegates directly. Whether privately or on their social media, let the delegates know your thoughts.

Show Courtesy

If you are developing a site or writing a blog that will mention RHSC and / or our current and potential services, products, employees, partners, customers, and competitors, as a courtesy to RHSC, please let RHSC know that you are writing them. RHSC may choose to visit from time to time to understand your point of view.

6 Virtual Learning

This policy governs the participation in virtual learning by volunteers, employees and players of RHSC ("Users"). For the purposes of this policy, virtual learning means any facility for online learning, including but not limited to:

- Zoom or other video conferencing meetings;
- Google Classroom sessions;
- Social Media submissions; or
- Other similar technology platforms used to deliver programming to Users.

Users agree to abide by generally accepted rules of etiquette and conduct themselves in a responsible, ethical, and polite manner while using any networking resource. The generally accepted rules of network etiquette include (but are not limited to) the following:

- a) All participants must be registered for an active season with RHSC.
- b) Family members of participants may not participate.
- c) All participants are all dressed appropriately, in Club attire when possible.

9 OS Zero Tolerance Policy

Richmond Hill Soccer Club is a strong supporter of making sport safe for our youth. To that end, the Club supports the following OS program to help ensure the safety and enjoyment of soccer for all.

Policy

Any coach, parent, grandparent or guardian judged by the Discipline Board to be guilty of abusive conduct toward a referee during a Club's House League game will be reprimanded in writing. A second conviction, during the same season will result in the participant being restricted from all services rendered by the Club including attendance at all soccer activities within the Club. In extreme cases, as determined by the Discipline Board, a participant may be reinstated subject to a review hearing.

Policy Procedures

When a referee feels that they are being abused, as per the scope of this policy, by either a coach or supporter, the referee is allowed to suspend the playing of the game. If the abuse is physical, the game official is advised to inform the coaches that the game has been abandoned and then proceed with step 6.1 below.

The Referee will then verbally advise both coaches that the game has been stopped due to the abuse and inform both coaches as to the source of the abuse. If the source is one of the coaches, the referee will advise the coach that the next occurrence of a similar nature will result in an abandonment of the game and that a report to the Club's Discipline Board will be sent in for review. If the source is a supporter, the appropriate coach will provide the referee with the name of the supporter and the coach must advise the fan that the next occurrence of a similar nature will result in abandonment of the game. A report to the Club's Discipline Board will be sent in for review. If the supporter is not associated with either team, both coaches are asked to speak to the supporter and ask the individual to leave.

Once the prescribed action has been completed, the game will restart with a dropped ball between the two teams at the location where the play was stopped. If the abuse continues, the referee will be allowed to stop any further playing of the game and advise the coaches that the game has been abandoned and that a Special Incident Report will be forwarded to the Club's Discipline Board. The official must clearly indicate on the game sheet that the game was abandoned due to abuse and if abandoned:

- 6.1 The game official must contact either their Referee Coordinator or a member of the Executive to verbally report the incident within 24 hours.
- 6.2 A Special Incident Report, with the assistance of the Referee Coordinator or a member of the Executive, if required, must then be forwarded to the Club within 72 hours.
- 6.3 The Club's Discipline Board will then review and deal with the report as per their guidelines.
- 6.4 If the game was abandoned due to the conduct of a fan not associated with either team, the Executive will determine the status of the game.

Note:

In the case where the alleged abuse is of a physical nature, the referee should contact the local police service and file a complaint.

12 Child Protection & Welfare Policy

The guidelines in this document are based on the best practices from:

- Canada Soccer Guide To Safety
- Canada Soccer Club Licensing Program – Information Manual
- Canada Soccer Club Licensing Program – Support Manual
- Respect in Soccer program
- Protecting Children & Youth in Sport

Everyone, including members of the public and professionals who work closely with children, is required by law to report suspected cases of child abuse or neglect. If you have reasonable grounds to suspect that a child is or may be in need of protection, you must [report it to a children's aid society](#) (CAS).

12.1 Integrity in relationships

Adults interacting with young people in soccer should do so with integrity and respect for the child. All adult actions in soccer should be guided by what is best for the child and in the context of quality, open working relationships. Verbal, physical, emotional or sexual abuse of any kind is unacceptable within soccer.

12.2 Policy Details

The RHSC is committed to ensuring that all necessary steps will be taken to protect and safeguard the welfare of children and young people who participate in soccer. This Policy document clearly demonstrates the importance placed by RHSC on the protection and safety of children and young people who participate in soccer.

All children and young people who participate in soccer should be able to do so in a safe and enjoyable environment. While doing so they should be protected from any form of abuse be it physical, emotional, sexual, neglect or bullying. The responsibility for protecting children lies with all adults involved in this club and in soccer in general.

These clear policies, practices and procedures in addition to relevant training programs will ensure that everybody at RHSC knows exactly what is expected of them in relation to protecting children and young people within soccer.

It is vital that children and young people who participate in RHSC activities are able to do so in a safe, enjoyable and quality environment.

In pursuit of this goal RHSC will:

- Advise all customers and participants of RHSC (employees, coaches, players, parents and spectators) of their responsibilities in relation to the welfare and protection of children and young people who participate in soccer;
- Operate within the recommended Canada Soccer codes of conduct and best practice guidelines;
- Appoint a Club Children's Officer who has completed Commit to Kids training; and
- Provide a child protection and welfare module in staff induction and development programs.

The aims of RHSC Child Protection & Welfare Policy are:

- To develop a positive and pro-active position in order to best protect all children and young people who participate in soccer, in order for them to do so in a safe and enjoyable environment
- To provide appropriate guidance and advice to all club participants (players, coaches, volunteers, spectators and parents) in all matters concerning child welfare and protection
- To demonstrate best practice in the area of child welfare and protection.
- To promote ethics and best practice standards throughout soccer.

The key principles underpinning this Policy are that

- The welfare of the child is the first and paramount consideration.
- All children and young people have a right to be protected from abuse of any kind regardless of their age, gender, disability, culture, language, racial origin, religious beliefs or sexual identity.
- All suspicions and allegations of abuse/poor practice will be taken seriously and responded to swiftly and appropriately; it is essential that we work in partnership with children and young people and their parents/caregivers.
- RHSC will cooperate fully with Canada Soccer in any investigation of child abuse in soccer.

RHSC through confirming this policy document has demonstrated its commitment to ensuring that children and young people can participate in all soccer activities with their safety and welfare being of paramount importance.

It is essential that this document represents a process of continual improvement in the area of child protection and welfare in soccer.

It is the responsibility of all adults involved in soccer to actively promote safe and best practice standards whilst being ever vigilant and aware of their responsibilities to children and young people in their care.

12.3 Procedure for dealing with Child Abuse Concerns or Allegations

All allegations of child abuse must be referred to the Club Children's Officer ("CCO"). If the CCO has reasonable grounds to suspect that a child is in need of protection, the CCO shall immediately report the suspicion and the information on which it is based (including any subsequent incidents or information) to:

York Region Children's Aid Society (905-895-2318 / 800-718-3850)

The CCO will ensure full cooperation of the club in any legal / police investigation and process.

12.4 Other Types of Allegations

Anonymous Complaints

Anonymous complaints can be difficult to deal with, however they cannot be ignored. All complaints relating to inappropriate behavior/poor practice should be brought to the attention of the CCO. In all

cases the safety and welfare of the child/children is paramount. All complaints should be checked out and handled in a confidential manner. It is important to record all such complaints and actions taken.

Rumors

Rumors should not be allowed hang in the air. Any rumors relating to inappropriate behaviors circulating in the club should be brought to the attention to the CCO and checked out promptly. All ensuing information should be handled confidentially and with sensitivity.

12.5 Confidentiality

Confidentiality is about managing information in a respectful, professional and purposeful manner. It is important that the rights of both the child and the person about whom the complaint has been made are protected; therefore, appropriate confidentiality will be maintained in respect of all issues and people involved in concerns about the welfare of a child or bad practice within the club.

The following points will be kept in mind:

- A guarantee of confidentiality or undertakings regarding secrecy cannot be given, as the welfare of the child will supersede all other considerations;
- All information should be treated in a careful and sensitive manner and should only be discussed with those who need to know;
- Information will be conveyed to the parents/guardians of a child about whom there are concerns in a sensitive way.

Giving information to others on a "need to know" basis for the protection of a child is not a breach of confidentiality.

12.6 Safety Policy

All coaches/volunteers at RHSC have a responsibility to ensure the safety of the players with whom they work as far as possible within the limits of their control; therefore coaches should seek to create a safe and enjoyable environment in which to play and train. In this respect:

- Adequate supervision must be maintained at all times. There must be minimum of 2 adults when interacting with players; no coach, manager or volunteer works alone.
- Regular safety checks should be carried out in relation to premises, training facilities and equipment.
- RHSC safety rules should be adhered to at all times.
- Parents/guardians should be informed of the starting and finishing times of training sessions and games.
- Records of attendance should be maintained.
- Ensure the use of any recommended safety equipment.

12.7 RHSC Club Children's Officer

The appointment of CCO is an essential element in the creation of a quality atmosphere in any club. They act as a resource to participants with regard to children's issues and also ensure that children have a voice in the running of the club and can freely talk of their experiences.

The CCO should have the following functions:

- To promote the Code of Ethics & Good Practice;
- To influence policy and practice and to prioritize children's needs;
- To ensure that children know how and whom they can report their concerns to within the Club;
- To encourage the participation of parents/guardians in Club activities;
- To co-operate with parents to ensure that each child enjoys his/her participation in soccer;
- To act as a resource with regard to best practice in children's soccer;
- To report regularly to the Club Board of Directors; and
- To monitor changes in participation and follow up any unusual dropout, absenteeism or Club transfers by children or coach/volunteers.

The CCO does not have the responsibility of investigating or validating child protection concerns within the club and have no counselling or therapeutic role. This responsibility lies with Children's Aid Society.

RHSC has appointed Pradeepta Chakravarti as Club Children's Officer; he can be reached at: cco@richmondhillsoccer.com" cco@richmondhillsoccer.com or (416) 471-9687

12.8 Best Practices

In keeping children and young people at the forefront of planning and practice, our coaches can be confident that participants will enjoy their experiences and that their actions are regarded as safe and in keeping with the principle that the safety and welfare of children is of paramount consideration.

RHSC Coaches are given a position of trust by parents/guardians and players, and are expected to operate to the highest standards of behavior whilst in the company of under age players (under 18years). Our coaches are also expected not to engage in any activity that could reasonably be viewed as bringing the club or soccer in general into disrepute.

It is important to for our coaches to note that in adhering to these guidelines ensures not only a safe environment for children but also a safe environment in which coaches and volunteers can operate.

Most coaches work in an environment where it is recognized that, in a sporting context, certain types of coaching require a 'hands on approach', i.e., it may be necessary to support a participant in order to physically demonstrate a particular technique. This should only occur when necessary and in an open and appropriate way with the knowledge, permission and full understanding of the participant concerned and his/her parents/guardians.

Coaches must realize that certain situations or friendly actions could be misinterpreted, not only by the player, but by outsiders motivated by jealousy, dislike or mistrust and could lead to allegations of sexual misconduct or impropriety; therefore coaches should be aware of, and avoid all situations conducive to risk.

Where possible, RHSC coaches/volunteers should avoid:

- Spending excessive amounts of time with children away from others.
- Taking sessions alone (always employ “Two Deep” supervision).
- Taking children to their homes.
- Taking children on journeys alone in their care.

Our Coaches/volunteers should never:

- Exert undue influence over a participant in order to obtain personal benefit or reward.
- Share a room with a young person alone on away trips.
- Engage in rough physical games, sexually provocative games or allow or engage in inappropriate touching of any kind, and/or make sexually suggestive comments about or to a child.
- Use any form of corporal punishment or physical force on a young person.
- Take measurements or engage in certain types of fitness testing without the presence of another adult and permission from the Committee
- Undertake any form of therapy (hypnosis etc.) in the training of young people.

Let’s all help make sport a positive and memorable experience!

13 Coaching Association of Canada’s Rule of Two

13.1 Purpose

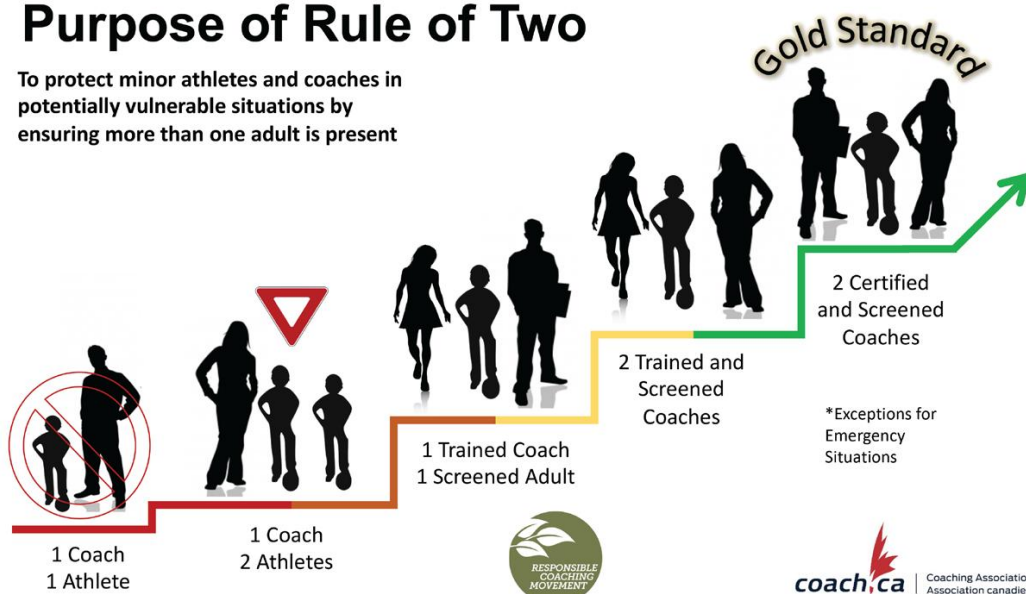

The Coaching Association of Canada’s Rule of Two states that there will always be two screened and NCCP-trained or certified coaches with an athlete in situations where the athlete is potentially vulnerable. One-on-one interactions between a coach and an athlete, without another individual present, must be avoided in all circumstances except medical emergencies.

13.2 Standards

The Coaching Association of Canada has developed standards for the Rule of Two.

Purpose of Rule of Two

To protect minor athletes and coaches in potentially vulnerable situations by ensuring more than one adult is present

Canada Soccer expects that all organizations will work toward the Gold Standard – having two NCCP-trained or certified coaches always present with an athlete. If NCCP-trained or certified coaches are not available, screened volunteers (such as managers, support personnel, chaperones, and Directors of the club or organization) should be available instead. If screened volunteers are not available, parents of other athletes should be asked to temporarily substitute. If another adult is not available, there should always be more than one athlete with the coach (this is the lowest standard and is not recommended).

13.3 Guidelines

Canada Soccer strongly recommends the following guidelines for organizations to ensure they are following the Rule of Two. In the guidelines below, a 'Person in Authority' is defined as an NCCP-trained or certified coach, a screened volunteer, or other adult. The organization is meeting the Gold Standard for the Rule of Two if the Person in Authority is always an NCCP-trained or certified coach.

13.4 Travel

The following guidelines are strongly recommended during travel with athletes:

- A Person in Authority may not be alone in a car with an athlete unless the Person in Authority is the athlete's parent or guardian.
- A Person in Authority may not share a room or be alone in a hotel room with an athlete unless the Person in Authority is the athlete's parent or guardian.
- Room or bed checks during overnight stays must be done by two Persons in Authority.

13.5 Locker Room / Changing Area / Meeting Room

The following guidelines are strongly recommended for locker rooms, changing areas, and meeting rooms:

- Interactions between a Person in Authority and an individual athlete should not occur in any room where there is a reasonable expectation of privacy such as the locker room, meeting room, washroom, or changing area. A second Person in Authority should be present for all necessary interactions in any such room.
- If Persons in Authority are not present in the locker room or changing area, or if they are not permitted to be present, they should still be available outside the locker room or changing area and be able to enter the room or area if required.

13.6 Training / Competition Environment

The following guidelines are strongly recommended for the training and competition environment (including before, during, and after practices and games):

- A Person in Authority should never be alone with an athlete prior to or following a game or practice, unless the Person in Authority is the athlete's parent or guardian. If the athlete is the first athlete to arrive, the athlete's parent should remain until another athlete or Person in Authority arrives. Similarly, if an athlete would potentially be alone with a Person in Authority following a game or practice, the Person in Authority should ask another Person in Authority (or a parent or guardian of another athlete) to stay until all the athletes have been picked up. If an adult is not available then another athlete should be present in order to avoid the Person in Authority being alone with a single athlete.
- Persons in Authority giving instructions, demonstrating skills, or facilitating drills or lessons to an individual athlete should always be doing so within earshot and eyesight of another Person in Authority.

13.7 Gender Identity

A Person in Authority who is interacting with athletes should be of the same gender identity as the athletes. The following guidelines are strongly recommended:

- For teams consisting of athletes of just one gender identity, a Person in Authority of the same gender identity should be available to participate or attend every interaction.
- For teams consisting of athletes of more than one gender identity (e.g., co-ed teams), a Person in Authority of each gender identity should be available to participate or attend every

interaction.

13.8 Practical Tips

Clubs and teams can consider the following practical tips when working toward the Gold Standard for the Rule of Two:

- Take the Coaching Association of Canada's Responsible Coaching Movement Pledge.
- Inform parents and guardians that the club or team is aiming to achieve the Gold Standard for the Rule of Two; that is, that two NCCP-trained or certified coaches should always be present with an athlete.
- To hold the club or team accountable, share these guidelines with parents and guardians and ask them to help identify situations, and acknowledge instances, when the club or team was not following the Rule of Two.
- Provide parents with information about the NCCP so that parents can become NCCP-trained or certified coaches (even if they are not actively coaching the team).
- Recruit a Parent Liaison or other individual to help find parents and guardians to assist in situations where two NCCP-trained or certified coaches may potentially not be present.
- For teams that only have coaches who do not share the same gender identity of some or all the athletes (i.e., for female teams with male coaches), ask a parent or guardian of the gender identity of the athletes to serve as a regular volunteer or 'bench parent' with the team.
- Ask parents or other individuals who volunteer with the team to participate in the organization's screening process and obtain a criminal record check.
- Follow the requirements described in Canada Soccer's Club Licensing Program, which requires all clubs to have:
 - A Code of Conduct to Protect Children;
 - Guidelines for Appropriate/Inappropriate Conduct between Adults/Adolescents and Children; and
 - A policy and procedure, provided to parents and Persons in Authority, that outlines what to do if inappropriate conduct is witnessed.
- Adopt a Discipline Policy that includes the appropriate processes for addressing misconduct and failures to follow these Rule of Two Guidelines

14 Tobacco-Free Policy

14.1 Commitment

RHSC recognizes that there is ample research demonstrating the health hazards caused by the use of tobacco products, including smoking, smokeless tobacco and breathing second-hand smoke, and understand our responsibility to the participants of our program to model and promote tobacco-free lifestyles.

RHSC stresses to leaders, teachers, coaches, officials, parents, spectators and all others involved, the importance of maintaining a tobacco-free environment while working with young people.

14.2 Policy

All games, activities, tournaments, competitions, sponsored events, and other performances sanctioned by our organization will be tobacco-free. Tobacco free means no smoking, snuffing, dipping or chewing tobacco by players/participants, coaches/leaders, parents, spectators and officials.

RHSC will promote the tobacco-free policy at all our activities by:

- Having coaches/leaders explain the policy to participants and ask them to explain the policy to their parents and others who may come to their game/activity/performance.
- Including the policy in the first schedules/notices about the sport or recreation group so all new and returning participants, their parents/guardians, coaches/leaders and officials/managers know about the policy from the start.
- Making the policy visible through the year/season using various messages, including logos on uniforms, banners at events and encouraging coaches and older participants to promote active, healthy, tobacco-free lifestyles.

RHSC will reinforce the tobacco-free policy at all our activities by:

- Encouraging all coaches/leaders, participants and parents to respectfully remind someone using tobacco about the tobacco-free policy.
- Consistently applying consequences with people who repeatedly break the policy – repeated violations by participants or their parent/guardian may result in a verbal and written warning from the coach/leader, or the association executive in the case of a repeat coach/leader violation. Following a written warning the individual violating the policy again may be asked to leave the activity or game.

15 Healthy Snacks Policy

In light of the fact that obesity and nutrition-related diseases are on the rise in North America, the Richmond Hill Soccer Club feel that promotion and modeling of healthy eating habits and balanced lifestyles to participants of our Club can play a crucial part in this issue. Whether as Players, Team Officials, Match Officials or as Supporters we all have a part to play. With the support of The OSA Club Excellence program, we are committed to helping improve the well-being of our community and in doing so have implemented a Healthy Snack Policy.

A Healthy Snack Policy empowers participants to nourish their bodies appropriately and limit ingredients that will impede performance or wellness. Children learn about healthy eating at school and need a supportive environment, both at home and in the community, to help put those lessons into action. Richmond Hill Soccer Club will help make this happen. Community sports also provide adults with an opportunity to become role models for healthy eating.

As such, the expectation is that if a team chooses to provide snacks to any participants, we encourage all food to be healthy. Healthy foods and beverages are those that fall within Canada's Food Guide and align with the web links below. Richmond Hill Soccer Club Healthy Snack Policy is maintained regardless of:

- Playing level (Competitive or Recreational)
- Location (Home or Away) or
- Purpose (Match, Training).

For further information on providing proper nutrition and maintain a balanced lifestyle, please read the Food Guide below.
