WHO ARE WE ?

Right and Associates Pty Ltd, established in 2001, is committed to empowering students to pursue international careers. Our dedicated team of proactive and friendly professionals has been instrumental in achieving this mission for over two decades.

To reach a broader student base seeking international education, we expanded our presence with branches in Sydney, Australia (2009) and Chitwan, Nepal (2013). With a vision to expand our services globally, we established offices in Canada (2023), New Zealand (2024), and Sri Lanka (2024).

We are proud to partner with colleges and universities worldwide, placing over 20,000 students in prestigious institutions across destinations such as Australia, Canada, the UK, the USA, Ireland, Finland, France, South Korea, and more.

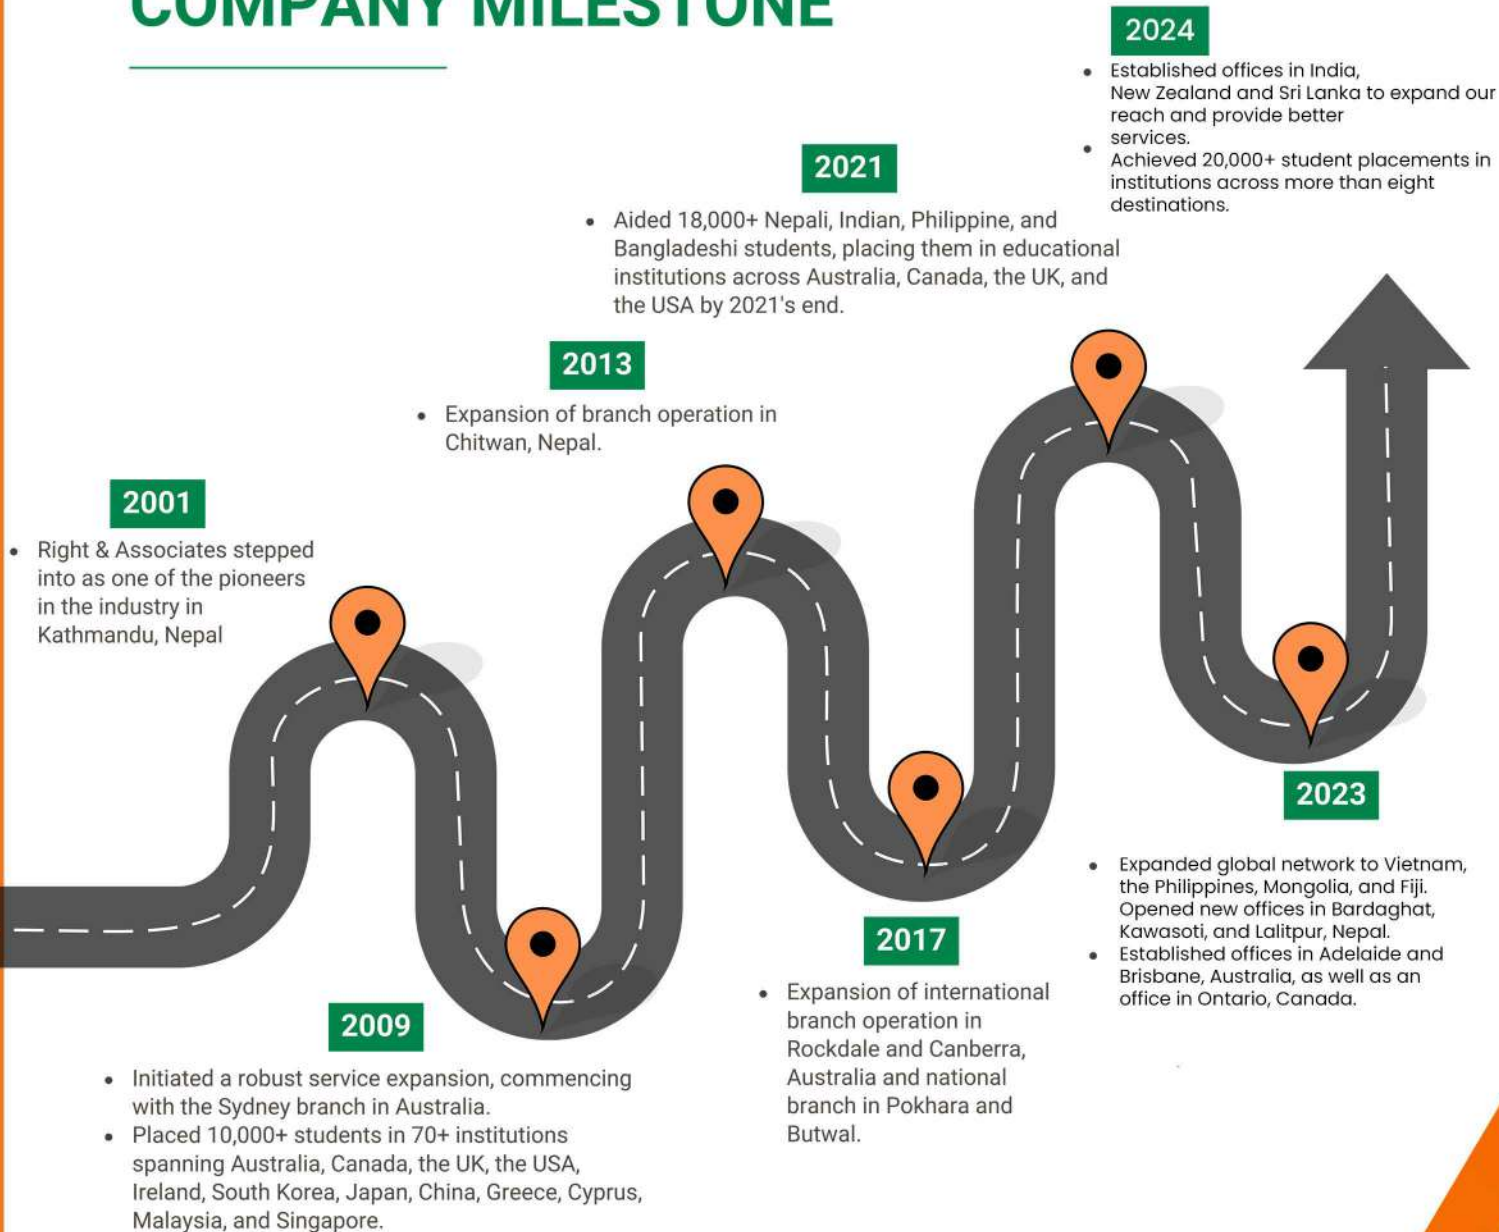

At Right and Associates, we recognize that every student is unique. Our comprehensive support goes beyond course selection and university enrollment. We provide career counseling to guide students toward a fulfilling future.

Our team of qualified education counselors and registered migration agents is dedicated to assisting with every stage of the student visa process. We see each client not merely as a case but as an individual with a dream that we strive to make a reality through our commitment and expertise.

In today's globalized world, young people aspire to study and build careers abroad. While top universities and coveted courses are within reach, the enrollment and visa process can be complex and intimidating. Preparing visa applications requires precision and expertise, as even small errors can lead to rejection. This is where Right and Associates steps in.

We simplify the complexities of the process, ensuring successful visa applications and offering ongoing support to help students thrive while studying overseas. With Right and Associates, students' dream of studying abroad is closer than ever.

STUDENT'S TESTIMONY

Atulesh Singh
Bachelor of Accounting
King's Own Institute, Sydney

Right & Associates are professional at their job and know the value of every client's educational aim. They are brilliant at what they do and have an academic solution for every student who wants to succeed. When I was in London and doing my Diploma in Business Management, I had to fly back to Nepal due to unwanted circumstances. After a while, I decided to study abroad again and went to Right & Associates' office in Kathmandu. They helped me enroll in KOI College here in Sydney and assisted me throughout the application process. I am studying Bachelor of Accounting at King's Own Institute and will hopefully complete my Bachelor's program next year.

Ritik Mahato
Diploma in Electrical Engineering
Seneca College, Toronto, Canada

I prepared for my PTE from here in 2021, and I got my desired score. Everything is very good over here. I do not have much to say, but I will recommend that every student planning to prepare for their English proficiency test and apply abroad. I will recommend you guys to visit this place. The environment is good. The labs are very good. There are numerous computers where you can practice and take your mock test, especially the instructors. Moreover, yes, everyone would have been wondering where I am right now. So yes, after getting my desired score on the PTE test, I applied for Canada from the same consultancy, and right now, I am in Canada. It has already been a year. So it will be worth it guys, do visit this place, and good luck.

I am glad I decided to be a client of Rights and Associates. I am a current Victoria University, Sydney student, awaiting my final results. I appreciate their guidance while electing the university and their support throughout my study period. Their friendly team members have always taken great care while processing my visa and university enrolment. I am satisfied with what they have done and am applying for my graduate visa through them.

The best consultancy in Town. All the staffs are so cooperative and friendly. I really had a good experience with the Right& Associates family. The team of RnA helped me with everything, stayed in touch with me every time until I got the visa, and is still in touch. I personally would recommend everyone to visit Right & Associates.
