

Dear Patients and Friends –

In the spirit of this Olympic year, I am excited to share that I am “passing the baton”. It is time for my retirement.

During my 39 years of practicing dentistry I have been proud to provide the best dental care possible and I have enjoyed getting to know each of you. I will miss dentistry, I will miss our chats and I will miss each of you. It has been an honor to have been trusted with your dental care.

I would like to introduce Jerdie Ale DDS. Dr. Jerdie Ale was born in Chile, and grew up in Atlanta, Georgia. He found his calling through his mother, a dentist that focused on educating and empowering families to better care for their smiles. He graduated from Loma Linda University School of Dentistry where he married his classmate, Joanna, a Cincinnati native. They practiced in Wisconsin for 3 years prior to moving to the area in 2023. He and his wife recently welcomed their first child.

Dr. Ale envisions a life-long family practice to provide excellent clinical care in a welcoming environment.

Here are some things you can expect during this transition:

- Appointments will be transitioned to Dr Ale beginning in September
- No changes to insurance plans
- Continuity of Staff, both clinical and administrative

Please join me in welcoming Dr. Ale, I am confident that he will continue to provide high level dental care with a strong personal commitment to service as you have experienced for years with Dr Luber!

Thank you for all the years of support and friendship.

John G Luber DDS
