Note from the teacher ~

Thanks so much for helping your child, and our classroom, be ready for learning and creativity! Please bring these items with you to our Ice Cream Social happening the week before school begins.

Please know that each item was carefully considered before being added to the list. For "Requested Not Required" items such as wipes or tissues, I chose specific ones, being conscious of chemicals and scents that might bother students' skin or senses.

You'll notice that for crayons, I'm requesting Twistables. This is to avoid wasting broken crayons during the year and to extend the life of our supplies. Please note that our supplies are shared in table groups, so please avoid personalized supplies or scented items (ie scented glue sticks, decorative pencils, etc)

If you'd like to purchase these supplies online, I've included a QR code to an Amazon list with each item (except for Bible, water bottle and t-shirt) for one-stop-shopping! I can't wait for our adventure to begin!
